

My Speech to the 2023 Biennial County Convention of the RPSC (Updated 1/12/2023)

Hello my name is William Norris and I am running for an At Large seat. I am mainly running as a social conservative. As some of you know, I am a Catholic Evangelist and wear my faith on my sleeve. However, if elected, my goal will not be to harass people to get them to convert to my religion but it will be to call conservatives to follow the dictates of the natural law. I stand against abortion in all cases, against homosexuality, transgenders, drag queens, and anything else that is against the natural order. I do not believe that God created homosexuals. I am Pro Homeschooling. I am for law and order and the death penalty for capital crimes. Although I am not a fan of Public schools, I do believe that they should be allowed to teach Creationism alongside Evolution and I would try to work with local school boards to promote a more natural law curriculum. With everything moving towards the left, I believe it is crucial to have someone who can keep conservatives honest to natural law principles.

As far my economic beliefs go:

I believe that people in need should be given help from the government, such as food stamps and Medicaid. However, if they can work, they must work in order to get this assistance.

I also believe that Election Integrity, in particular getting rid of the electronic voting machines, is a crucial issue that should be vocalized and brought to forefront. These machines have allowed for left leaning people to take office to promote leftist policies. Whether it be Radical Left Democrats or Go-Along to Get-Along RINO's, the results of these policies have been horrible for conservative natural law minded people. Even though we may not be able to get rid of the machines I believe it is imperative for conservative minded people and politicians to speak up on this issue. How can we promote conservative values if we are barred from getting into office by these machines?

In closing, another plus is that my work schedule is flexible, and thus I can show up for events and will be able to help out with tasks that need to be done for the party. I am a very convicted and loyal person as long as my duties and responsibilities do not conflict with my religion in faith and morals. I think that these points would help me to be an asset to the Sierra County Republican Board and I humbly ask for your vote. Thank you.
