On this Article and the Video

Video clips of many of the quotes in this article are in my video lecture [*Christians, Nominal Christians, and Other Social Conservatives Must Not Vote for Trump nor Any Other RINO*](#). And some contain extra information. This article contains more information than that lecture does.

Introduction

In 2016, I did a lecture titled [*Trump Counter-Revolution and the Rigged System*](#). I knew Trump had problems, but he also made some good promises. In that lecture I pointed out the good and the bad things regarding Trump. And he was the lesser evil compared to the other candidates. But the main reason was that he would allow Catholics more religious liberty than Hilary Clinton.

In that lecture, I warned him that if he did not amend his evil ways and keep his good promises, I would rebuke him and no longer support him.

While he kept some of his promises, some he did not. For example, he did not clean the swamp but instead added to it.

He did not amend his evil ways regarding his promotion of LGBT, false-claims of Antisemitism, and Zionism, but only got worse.

And he has picked up new evils since he left the office of presidency. For example,

- Trump is now pro-abortion. He does not want to pass a Federal Law banning all abortions with exceptions when the mother's life is in danger. He not only wants the States to decide, but encourages the States to allow abortions up until 16 weeks and opposes any law that would ban abortions earlier than that, such as Arizona's near ban on all abortions and Florida's Heartbeat Law that bans abortions after the infant has a detectable heartbeat, which is about forty days after conception. He said these laws are too extreme and would do all in his power to abolish them. Therefore, his ultimate goal is to allow infants to be murdered in the womb up until 16 weeks after conception. Trump, then, has become pro-abortion.
- Trump has taken away the religious liberty of true social conservatives in the Republican Party who speak out against abortion, LGBT, and same-sex so-called marriages. He has made it impossible for them to hold offices and has silenced them when they try to speak up at republican meetings and other republican gatherings.

Hence Catholics, nominal Christians, and other true social conservatives must not vote for or financially support Trump, as well as any other RINO, because he has deprived them of their religious liberty.

And even if he allowed them religious liberty, they must still not vote for him or financially support him or any other RINO for the following reason. You cannot reward them for their shift to the left. If you do, things will never change but only shift more and more to the left. But we must not vote for Democrats either. The natural consequence, then, is that Democrats will gain the offices. And this is a just punishment and warning to the RINOs. A few cycles of Democrats gaining the offices and not the Republicans will cause the Republican Party and RINOs to change their position on social issues and religious liberty and move them back to the right or else they will never have a chance of getting elected. As it is now, the Republican Party and RINOs are democrats by another name when it comes to socially conservative issues and religious liberty.

Last but more importantly, Trump is still a rabid Zionist and promoter of apostate Judaism and false claims of Antisemitism. When he became president, he made a law by executive order on 12/11/2019 titled the *Antisemitism Awareness Act*. That law labels the following things as Antisemitism and thus as hate speech that should be banned.

- Anyone who says Jews should be persecuted. Hence Trump condemns the Bible which many times decrees that evil Jews must be persecuted.
- Anyone who says Jews control the world and anyone who denies the Holocaust. So much for free speech! But more importantly so much for the truth because the Jews do control most of the world and the Holocaust was a hoax.
- Anyone who says a Jew is more loyal to Israel than his host nation. This exempts every Jew with dual citizenship, simply because he is a Jew, from being more loyal to Israel and thus from ever being a spy for Israel against his host nation. Well, history refutes this lie because USA-Israeli Jews have been convicted of spying for Israel against the USA, such as Joathan Pollard.
- Anyone who says apostate Jews have no right to self-determination. Men and races do not always have the right to self-determination. Many times God takes that right away. For example, many times when the Jews went bad during the Old Covenant era, God cast them out of the promised land (Israel) and sent them into captivity under pagan rulers, and thus they lost the right of self-determination.
- Anyone who says Jews killed Christ or are guilty of the blood of Christ. This point condemns the New Testament and thus Christianity as being anti-Semitic because the New Testament and thus Christianity teach that Jews did kill Christ and that all Christ-denying Jews are guilty of the blood of Christ.

Trump has now manifestly become a strong arm and the right hand man of the Antichrist. So, instead of being a great good, Trump has become a great evil.

I Warned Trump in 2016 but He Did Not Listen

In 2016, in my lecture [*Trump Counter-Revolution and the Rigged System*](#). I warned Trump that he will either be for a great good if he listened to what I said or a great evil if he does not.

RJMI, *Trump Counter-Revolution and the Rigged System*, 12/25/2016: “Now I’m going to end this overview with one statement: that I hope Trump is like Constantine. Trump has the potential to be a Constantine. I’m not flattering him. I’ll also condemn him if he doesn’t become another Constantine! I’m going to be here to watch, to help him, and also to warn other people if he’s not staying to his plan. But he does have the potential to be a great leader, greater than he can even imagine. And he might imagine it. The evangelicals are probably whispering that to him. But I’m going to tell you Donald Trump and you evangelicals—they’re not even Christians. You’ve got to listen to me, Catholics. We’re the only Catholics I know, and we’re teaching true Catholicism. We’re the ones you have to listen to if you want to be completely successful. If you want to become like a true Constantine and become a true Catholic and have a hope to save your immortal soul, which is the first thing I care about, but then [if you did convert] God will use you as an instrument in defending his kingdom in these final days.”

Well, he did not listen but got even worse, as you will see in this article.

Trump Did Not Get Rid of the Swamp Creatures

One of Trump’s main promises during his campaign for the 2016 presidency was to do all in his power to lock up Hilary Clinton for her many crimes. And the crowd chanted, time and time again, “Lock her up.” But what did he do as soon as he was elected president? He said she is a good person, and he does not want to lock her up.

Here is what he said during his election campaign:

“The Clintons are Criminals. She [Hilary] should be locked up. She has to go to jail”

Here is what he said right after he was elected:

“They [the Clintons] are good people. I don’t want to hurt the Clintons. I really don’t. She went through a lot and suffered greatly.”

He even invited the Clintons to his inaugural address party. Here is what he said:

“I was honored, very honored when I heard Bill and Hilary were coming. I have great respect for them.”

Hence, Trump lied during his election campaign, time and time again, when he said he was going to lock up Hilary. It was like a big joke. But it was a betrayal and slap in the face of his followers. And, sadly, it was a sign of more betrayals to come.

Not only did he not clean the swamp, as he promised, but he added to it. Here is what Florida Governor Ron DeSantis said during the Republican primary for president in 2020:

Governor Ron DeSantis: “He [Trump] owes it to the voters to defend his record, to defend the decision he made. And also to defend why is he running on the same program in 2016 that he did not actually implement. For example, draining the swamp, he didn’t fire Christopher Wray, he didn’t fire Fauci, he didn’t do anything to clean house. Now all of a sudden he is going to slay the administrative state when he gave Fauci an award his last day in office.”

Within a period of time after he was president, Trump systemically got rid of those who were loyal to him and replaced them with swamp creatures. They had to either resign or they were fired. For example, Trump got rid of Steve Bannon, Sebastian Gorka, and Sean Spicer. (For a list of more, see [Tracking turnover in the Trump administration](#), by Bookings, January 2021.)

Trump Allowed Covid 19 Mandates to Run Roughshod Over the Citizens

Trump fell for the Covid 19 conspiracy and thus did not investigate the overwhelming evidence that proves it came from a lab and was developed not just by China but also the by the USA. And they then spread it to mankind, which in turn lead to the covertly poisonous Covid 19 vaccines. Trump also allowed Anthony Fauci and his gang to run roughshod over the US citizens with Covid 19 vaccine mandates, mask mandates, social distancing mandates, and closing down or greatly limiting the operation of businesses, which was especially hurtful to small businesses that could not survive the restrictions. (See my [Covid-19 Conspiracy](#).)

Trump Still Promotes LGBT and Is Now Pro-Abortion

And even though we knew Trump was weak on the LGBT agenda, we thought he would repent, or at least not get worse. But instead he got worse. He did way more for the LGBT movement than any other Republican president.¹ I warned him in 2016 my lecture [Trump Counter-Revolution and the Rigged System](#) that he will never make America Great Again by supporting LGBT, as this is why God destroyed Sodom and Gomorrah. Here is a quote and an clip from lecture:

RJMI, *Trump Counter-Revolution and the Rigged System*, 12/25/2016: “Now we’re going to talk about the things where Trump supports the Antichrist, things that he’s evil on, sins that he’s guilty of, where he supports them. He supports non-militant homosexuals and he supports civil unions for homos. Hence, according to God’s law, not only homos and transgenders are worthy of the death penalty but all those such as Trump who consent to these things! On that point alone, even Trump will be worthy of the death penalty under God’s law for consenting to it. What Trump has to understand is: by you supporting homosexuals, you’re doing the same thing that got Sodom and Gomorrah destroyed. So if you want to Make America Great Again, it’s certainly not by supporting homosexuals!”

Trump’s Mar-a-Lago homo fest (12/15/2023)

On 12/15/2023, Trump and Kari Lake promoted and glorified sodomites by hosting a Gay Gala for LGBTQ Republicans (called Log Cabin Republicans) at Trump’s Mar a Lago Mansion in Florida, which should now be called Gomorrah a Lago. At that event, Kari Lake said that homos are superior creatures, more superior than straight people. And these are the so-called conservatives that Republicans are supposed to vote for!

(For detailed information, see RJMI video lecture, [Trump and Kari Lake Support Sodomites and Will Norris’ Questions to Mike Lindell](#).)

¹ See RJMI article [The Republican Party’s Stance against LGBT and Abortion Is Betrayed](#).

Trump and the RNC allowed a bi-sexual and abortion supporter to speak at the RNC convention

On 7/15/2024 at the Republican Party convention in Milwaukee, a bald-headed, abortion supporting, bisexual bitch, Amber Rose, was allowed to speak and praised the Republican Party for accepting Gays.

Amber Rose, at RNC Convention, 7/15/2024: “I realized Donald Trump and his supporters don’t care if your black, white, gay or straight, its all love.”

Wikipedia, Amber Rose: “In 2009, in regard to her sexual orientation, Rose stated, ‘I’m extremely open with my sexuality. I can be in love with a woman, I can be in love with a man. As far as humans go, I definitely find beauty in everybody, whether they’re heavy-set, super-skinny, if they’re white, black, Indian, Asian, Spanish. I can see beauty in anybody. If I see a woman and I think she’s beautiful and I like her, and she likes me back we can definitely try to be in a relationship together.’ In 2016, Rose told guest Margaret Cho during an episode of her podcast *Love Line with Amber Rose* that she once dated a trans man.”

Fox News, Conservatives rip RNC for giving ‘SlutWalk’ organizer Amber Rose a speaking slot, by Charles Creitz, 7/12/2024: “Podcaster Dr. Taylor Marshall criticized the contrast between Rose speaking this year and previous Trump-nominating conventions where Sister Deirdre Byrne, a pro-life nun, as well as pro-life activist Abby Johnson were given speaking slots. ‘Now they will platform Amber Rose who is the founder of ‘The Slut Walk’ and vocally pro-abortion and pro-LGBT. This is a hard left turn into degeneracy,’ Marshall said.”

Trump is the most pro-abortion Republican presidential candidate ever

Trump has now become the most pro-abortion Republican presidential candidate ever.

Trump opposed the Arizona law that banned almost all abortions

On April 9, 2024, the Arizona Supreme Court enforced an 1864 law that banned almost all abortions.

CNN: Will Arizona enforce a Civil War-era law banning nearly all abortions in the state?, by Christina Zdanowicz, 4/12/2024: “Arizona officials are scrambling to address a near total abortion ban revived by the state’s Supreme Court this week, before the Civil War-era law almost completely halts access to Arizona’s already limited abortion services. The court ruled Tuesday the state must adhere to a law made before statehood, when Arizona was a territory, that bans all abortions except those ‘necessary to save’ a pregnant person’s life. The law, which is enforceable because *Roe v. Wade* was overturned, is broader than the state’s 2022 ban on

abortions after 15 weeks of pregnancy and carries a prison sentence of two to five years for abortion providers.”

And instead of praising this law, Trump opposed it, prophesied that it would not remain in force, and did all in his power to have it repealed.

Fox News, 4/10/2024: “Did Arizona go too far? [Donald Trump]: They did, and that will be straitened out. And, you know, it is all about state rights. And I am sure that the governor and everyone else will bring it back into reason. And it will be taken care of, I think, very quickly.”

So Trump now believes it is reasonable to murder infants, as long as they are not in the womb of the mothers for too long. And he knew the fix was in to overturn the ban because he was totally confident it would happen. How did he know, because he knows most Republicans are Rhinos on this topic, just as he is. The order came down from high in the Republican Party that republicans must soften their stance on abortion. They’d rather appease the pro-abortion masses in order to win elections than defend the lives of infants. On this point alone, Trump and the other Rhinos are morally bankrupt.

Kari Lake’s flip-flop on the Arizona abortion ban

One such RINO is Kari Lake. At first she supported Arizona’s near total ban on abortion. Here is what she said:

Kari Lake’s support for Arizona’s law that bans abortion: “I don’t believe in abortion. The older law is going to go into effect. That’s what I believe. It will happen. I don’t think abortion... We have a great law on the books. If that happens, we will be a state where we will not be taking the lives of our unborn anymore... I’m incredibly thrilled that we are going to have a great law that’s already on the books. So it will prohibit abortion in Arizona. And I think we’re going to be paving the way and setting the course for other states to follow.”

Now for her flip-flop, she obviously got her orders from on high from the leaders of the Republican Party to back off on the ban and to oppose it instead. Here is what she said. Note how she ended with pro-choice rhetoric to appease the pro-abortionists:

Kari Lake on the day the Arizona abortion ban was made law: “I am the only woman and mother in this race. I understand the fear and anxiety of pregnancy, and the joy of motherhood... I oppose today’s ruling, and I am calling on Katie Hobbs and the State Legislature to come up with an immediate common sense solution that Arizonans can support... This total ban that the Arizona Supreme Court just ruled on is out of line with where the people of the State are... I agree with President Trump, this is such a personal and private issue. I choose life. But I’m not every woman. I want to make sure every woman who finds herself pregnant has more choices and can make that choice that I made.”

Kari Lake posted this on her X (Twitter) page. The blow back was around ninety percent, all saying they will not vote for her. (See [Blow Back against Kari Lake’s Flip Flop on Abortion](#). It can be accessed in the USA Political Page in the subheading “Don’t Vote for Trump and Other RIHOs in 2024” or click on the above link.

Trump says Florida’s Heart Beat law is too extreme

Trump not only opposed Arizona’s near total ban on abortion, but he also banned Gov. Ron DeSantis’ Heart Beat law in Florida that bans abortion after the infant has a heartbeat, which is about forty days after conception. He said that law is also too extreme.

The Messenger, May 15, 2023: “If you look at what DeSantis did, a lot of people don't even know if he knew what he was doing. But he signed six weeks, and many people within the pro-life movement feel that that was too harsh.”

Ron DeSantis: “He [Trump] opposes that bill [the Heartbeat law]. He said it was harsh to protect and unborn child when there is a detectable heartbeat. I think that is humane to do... Protecting an unborn child when there is a detectable heartbeat is something that almost probably 99% of pro-lifers support. It is something that other states like Iowa under Governor Kim Reynolds have enacted. And I think that as a Florida resident. You know he did not give an answer about would you have signed the heartbeat bill that Florida did. It has all the exceptions people talk about, the legislature put it in, I signed the bill, I was proud to do it. He won't answer whether he would sign it or not.”

Trump supports the abortion pill

National Review: Trump Reveals Position on Abortion Pill, 6/27/2024: “Former president Donald Trump speaks during the debate with President Joe Biden in Atlanta, Ga., June 27, 2024. During the presidential debate Thursday night, former president Donald Trump clarified for the first time his position on abortion pills, saying that he supports a recent Supreme Court decision preserving access to the widely used drug... ‘The Supreme court just approved the abortion pill, and I agree with their decision to have done that,’ Trump said.”

Most importantly, the Supreme Court has no right from God to allow the abortion pill. But it also has no right according to the 14th Amendment that protects life, and thus the life of infants in the womb. Sixty-three percent of abortions are done by the abortion pill:

ABC News: Medication abortion accounted for 63% of all the abortions performed in the U.S. in 2023, according to a new study from the Guttmacher Institute.”²

Guttmacher: “New Guttmacher Institute research from the Monthly Abortion Provision Study shows that there were approximately 642,700 medication abortions in the United States in 2023, accounting for 63% of all abortions in the formal health care system. This is an increase from 2020, when medication abortions accounted for 53% of all abortions.”

By supporting this bill, Trump has authorized this weapon that is responsible for most of the murders of infants in the womb. And, in the very least, he supports abortions up until 12 or even 24 weeks, because that is the time period in which the pill can be taken.

Medical News Today, How late can you take the abortion pill: “The FDA states that a person should not take mifepristone if it has been more than 70 days since their last period began. However, according to the American College of Obstetricians and Gynecologists (ACOG), evidence supports using the medication for more advanced gestations.

Other leading health organizations have similar views to the ACOG:

- The Guttmacher Institute says doctors use medical abortion safely off-label at later gestation.
- The World Health Organization (WHO) says that the abortion pill is safe up to 12 weeks of pregnancy.

² Medication abortion accounted for 63% of US abortions in 2023, new study finds

- The Royal College of Obstetricians and Gynaecologists (RCOG) in the United Kingdom specifies that people can use abortion medication in the second trimester up to 24 weeks of pregnancy.”

Trump, then, has also opened the door for girls to get abortions without their parents’ knowledge and even to evade medical supervision, as the pill can easily be accessed by mail by deception. But that is not the main issue. The main issue is that the pill is used to murder infants.

Trump flip flops on Federal abortion ban and wants a version of Roe vs Wade re-instituted

At first Trump supported a Federal Ban on abortion that would ban most abortions after 15 or 16 weeks but would allow abortions after that for rape, incest, or life-threatening emergencies. Hence it would not ban and thus would allow all abortions up until 15 or 16 weeks:

New York Times, “Trump Indicates He Would Back a 15-Week Federal Abortion Ban”: The remarks on a radio show came after he had been privately expressing support for a similar ban, at 16 weeks. Maggie Astor, March 20, 2024:

“Former President Donald J. Trump indicated this week that he was likely to back a 15-week federal ban on abortion, with exceptions for rape, incest and life-threatening emergencies.

“The comments, which Mr. Trump made Tuesday on the WABC radio show ‘Sid & Friends in the Morning,’ are in line with [previous reporting](#) that he had privately expressed support for a 16-week ban. But saying it publicly ties him concretely to a position that has been toxic for many Republicans.

‘The number of weeks, now, people are agreeing on 15, and I’m thinking in terms of that, and it’ll come out to something that’s very reasonable,’ he said.”

Trump, then, wanted to pass a Federal Law that allows infants to be murdered in their mothers’ wombs, as long as they were not in the womb longer than 15 or 16 weeks. This is nothing more than a version of Roe vs. Wade. Roe vs. Wade may have allowed for abortions after a longer period of pregnancy, but Trump does the same for lesser period of time, 15 or 16 weeks.

Well, Trump got massive blow back from both pro-lifers and pro-abortionists. The true pro-lifers saw this as nothing more than a version Roe vs. Wade that allows for the murder of infants up until 15 or 16 weeks in the womb. The pro-abortionist saw this as too restrictive, as they want abortion to be allowed after 16 weeks, and some wanted it even up until birth. So Trump flip-flopped and said he will no longer support a Federal Abortion ban and left it up to the States to decide when and if infants can be murdered in the womb:

Reporter: “Would you sign a national abortion ban? Trump: “No. No.”

Truth Social: Trump: “The States will determine by legislature or perhaps vote and whatever they decide must be the law of the land. In this case, the law of the State,

That is like saying Trump leaves it up to the States to decide if men can murder men, or men can rape their neighbors’ wives, or men can offer human sacrifices to Satan, etc. If one agrees that the US Constitution does not allow these things, then the same must apply to the murder of infants in the womb. Hence abortion is a Federal issue, a crime for the Supreme Court to condemn as unconstitutional.

One would have thought that the main reason Trump left it up to the States is that he would not have to make his position on abortion known so he can appease the pro-lifers and pro-abortionist by his silence, which is a cowardly betrayal of pro-lifers. But he got trapped when asked about what he thought about Arizona’s near ban on all abortions. If he said he supports it, he will lose the votes of the pro-abortionists, whom he determined to be the party with the most

voters. So he sided with them and opposed Arizona's near total abortion ban. He said it was too extreme, and did all in his power to have the law abolished.

And he even opposes Florida's Heart Beat Law that bans abortions after a detectable heart beat, which is about forty days after conception. He said this also is too extreme and is doing all in his power to abolish it. So he does not really want the States to decide. He wants to decide. In the very least, he wants the State to allow abortions up to 15 or 16 weeks, which is what he proposed when he said he would make a Federal Ban. So he does not really want all States to decide but only those that allow for abortions at least up until 15 or 16 weeks. So he is, again, supporting a version of Roe vs. Wade for the States but with a 15 or 16 week limit. So while he claims a victory for getting rid of Roe vs. Wade at the Federal level, he wants to re-institute a version of it at the State level.

Trump overturned the RNC Platform on Abortion, LGBT, and Marriage

And even worse, Trump and other RINOs influenced the RNC’s National Committee to change its 2016 stance against abortion, LGBT, and same sex so-called marriage. The 2024 stance only opposes late term abortions, those that take place up until birth and leaves it to the States to decide whatever else it wants regarding abortion and thus opposes any federal law banning abortion. And it no longer condemns LGBT and same sex so-called marriage.

2016 Platform on Abortion	2024 Platform on Abortion
<p>The Fifth Amendment: Protecting Human Life:</p> <p>The Constitution’s guarantee that no one can ‘be deprived of life, liberty or property’ deliberately echoes the Declaration of Independence’s proclamation that ‘all’ are ‘endowed by their Creator’ with the inalienable right to life. <u>Accordingly, we assert the sanctity of human life and affirm that the unborn child has a fundamental right to life which cannot be infringed.</u> We support a human life amendment to the Constitution and legislation to make clear that the Fourteenth Amendment’s protections apply to children before birth... In other words, right now a baby in the womb in Texas or Florida has more rights than a baby in the womb in New Mexico. The new platform abolishes the 14th Amendment because it says the unborn do not have a right to life. It is now up to the States to decide when it is OK to murder an infant or not. Trump silenced opposition to abortion, LGBT, and Homosexual Marriage in the Republican Party

And Trump and the RNC committee silenced social conservatives from having any say in the new platform. And for the first time in history, the meeting was held in private, behind closed doors, and thus was not public. Hence Trump and the new Republican Party have deprived social conservatives of their religious liberty to speak up during Republican Meetings and to hold offices in the party.

GOP suppresses internal dissent, passes 'whatever Trump says' as platform, by Taryn Fivek, of Peoples World, 7/16/2024:

“ ‘This never happened before.’ Gail Ruzicka, an RNC delegate from Utah, expressed total disbelief when speaking to WISN ABC 12 on July 8. She was walking out of the meeting of the Convention Committee on Platform, which had just approved the new Republican Party platform for 2024. An 81-year-old veteran of Phyllis Schlafly’s anti-feminist Eagle Forum who has helped craft every GOP election program since 1992, Ruzicka seemed genuinely shell-shocked after exiting the committee session.

‘I’ve done this several times.... We always had subcommittees, where we could go in and work on a section of the platform, propose amendments, debate them, add them.... They didn’t allow any amendments. They didn’t allow any discussions!’

“Essentially, it was a declaration that the Republican Party stands for whatever Trump says or wants. No need for party members or GOP elected officials to think, the leader will handle that...

“The right-wing National Review reported that delegates at the Convention Committee on Platform were not allowed to review the proposed document until the morning of the session when it would be debated and adopted. They were ordered to lock away their phones, electronics, and computers, and delegates were shadowed to the restroom to ensure there were no leaks of proceedings... This tamping-down on discussions shocked even some of the most stalwart GOP convention delegates.

“ ‘They rolled us. That’s what they did,’ Ruzicka observed. ‘I’ve never been treated so badly. To have them force this vote on us before we even had a chance to read this platform.’

“As for the religious fundamentalists who have made up the core of the GOP’s mass base for decades and for whom abortion and gay marriage are political litmus tests, media reports hyped the impression that they have been sidelined by Trump.

“Indeed, any dissent they have about the way the GOP platform was adopted or what it notably omits has been officially silenced. Plans to contest the plans to strike the issues of abortion and marriage equality from the floor were swiftly pulled after the failed assassination attempt on Saturday.”

The Republican Party silenced William Norris and removed him from office

They did the same thing to William Norris. William George Norris was voted into the office of Member-at-Large in the Sierra County Republican Party on 1-14-2023 by the Republican citizens. But he was removed from office by a committee because he upheld conservative social values. Julie Stroup, the chair of the Republican Party in Sierra County, and Joanna Tighe spearheaded this witch hunt against William. And the worst part is that William was removed from office without being shown any law that he violated. He asked them, time and time again, to show him the law he violated that sets in motion a vote to remove from office, and they never

showed him any law. Even at his trial when he was voted out of office, he was not shown any law that he violated. In fact, those who removed him were violating the law and the Republican Party's position that condemns these sexual perversions as contrary to American history and traditions and as abnormal. In addition to this, his removal from office was done in secret in which the public was not allowed to attend and there was no record of the meeting.

It was on 6-8-2023 at 9am at the Church at the Butte, that the Sierra County Republican Party voted 5 to 1 to remove William from his office as Member at Large. The order no doubt came from on high to remove William in order to weed out any true social conservatives from holding offices in the Republican Party. The order came from the national committee, to Steve Pierce, the head of the Republican Party in New Mexico, and then to the Sierra County Republican Party. And this happens throughout the USA. Now you know why it is impossible for a true social conservative to hold office in the Republic Party; and if one does, it will do all in its power to remove him from office. (See in this article "Trump and RNC force out the Director of Project 2025, Paul Dans," p. [18](#).)

And on 11/9/2023, Joanna Tighe told Tom Sharpe the following:

Tom Sharpe, November 9, 2023: "Johanna Tighe, a former chair of the local Republican Party, now its secretary, told me 'we're trying to ignore (Norris) . . . trying to get him to go away.' Tighe said she recruited Norris because he seemed bright with lots of enthusiasm for conservative politics, but soon became 'way too radical'"³

(For detailed information, see [Mary's Little Remnant's Political Works](#) page The Case of William Norris against New Mexico's Republican Party (6-2023).)

Trump, then, has single handedly turned the Republican Party into an LGBT and abortion friendly party, and thus is the same as the Democrat party in this regard.

Take special notices of the ads from the Republicans running for office. They used to mention abortion and pro-life but no longer do, except maybe regarding late term abortions. And they used to speak of supporting the Traditional Family, which are code words for marriage is only between a man and a woman. They now only speak about marriage and leave out the word "Traditional". And they do not condemn LGBT. They are all cowardly perverts. And they have the lying audacity to think God will bless them and this harlot of a nation, the USA.

The Republican Party tried to get Will Norris to back off on abortion

Another reason why the Republican Party removed William Norris from office is because he would not back down on his position against abortion. On 5/5/23, at 6pm at Casa Taco in Elephant Butte NM, William went to meet Crystal Diamond and Yvette Herrell and Ryan Cangioli. Here is some of what transpired during the meeting in William's own words:

William Norris: "While eating, people would come up to Crystal and Yvette and talk to them about other things and then Crystal and Yvette got up and started to work the room by talking to other people there. I was still eating at the table when this guy named Ryan Cangioli came and sat right in front of me. I had no clue who he was. Turns out he is a big Republican consultant that gives advice and counsel to Yvette and Crystal. He was the head of the Republican Party of NM from 2016-18 before becoming Governor Susana Martinez's Deputy Chief of Staff. He helped out on the recent Ronchetti campaign who recently ran for governor. Tom Brantley, Crystal's fiancé, was still there and he knew Ryan.

"While making small talk, he told me how he brings his backpack with him at all times because he is conditioned from living in Albuquerque where you can't leave anything showing in your car because they will break in and steal it. That is when I started talking about how I thought Mark Ronchetti really won the governor election and that it was rigged. I said that he smoked Michelle Grisham on the debates by exposing her weakness on crime. Then I said all Grisham ran on was abortion and it was crazy that she could win on one diabolical position. That is when I stuck a cord.

"Immediately Ryan [Cangioli] starts saying 'Yeah abortion.' Then Tom, Crystal Diamond's Fiancé, said 'yeah abortion. Crystal and I go back and forth on this issue all the time. Once you take a position you lose 50 percent of your people. Abortion is the one issue that gets you in the most trouble.' Ryan then told me that there was a new poll out that says 84 percent of New Mexicans believe in some type of abortion. He claimed it was a credible company that did the poll. I tried to say that it was surprising because of the Mexican population would not go for that, he then doubled down and got adamant and said I just told you that the poll said 84 percent. Then he came right out and told me we (The Republican Party) will never win with people like me who say that abortion should be outlawed in all instances. He said the biggest mistake that Mark Ronchetti made when he was recently running for Governor was when he said that there should be a referendum on abortion on the ballot and the people should vote on it. He went on to say that once Ronchetti said this during the election he knew he would lose."

(For more information, see Mary's Little Remnant's Political Works page and go to [The Case of William Norris against New Mexico's Republican Party: 5-5-2023, Meeting at Casa Taco: William, Yvette Herrell, Crystal Diamond, and Ryan Cangioli.](#))

There you have it. Any republican who holds the true position on abortion is banned from office in the Republican Party. And even republicans who support the Heartbeat Bill, which allows abortions but only up until forty days after conception, are banned from office. To get elected or to remain in office, then, republicans are told that their ultimate goal must be to allow abortions up until 16 weeks and oppose any bill or law the bans abortions under that time period.

Trump opposed The Heritage Foundation's Project 2025

The Heritage Foundation is one of the most famous conservative organizations:

Wikipedia, The Heritage Foundation: “The Heritage Foundation sometimes referred to simply as ‘Heritage’ is an activist American conservative think tank based in Washington, D C. Founded in 1973, it took a leading role in the conservative movement in the 1980s during the presidency of Ronald Reagan, whose policies were taken from Heritage Foundation studies, including its Mandate for Leadership.

“The Heritage Foundation has had significant influence in U S. public policy making, and has historically been ranked among the most influential public policy organizations in the United States. In 2010,

“Heritage leads the 2025 Presidential Transition Project, also known as Project 2025, an extensive plan to consolidate presidential control over the executive branch of government to accomplish its policy goals.”

Its Project 2025 was a conservative plan for Republican politicians to follow. It voiced the concerns of the majority of all types of conservatives and thus included social conservatives. Some of the socially conservative issues are its opposition to abortion, the LGBT agenda, the sexualization of children, pornography, and homosexual so-called marriages:

Project 2025 against LGBT, sexualization of children, and pornography

The Heritage Foundation, Mandate for Leadership, The Conservative Promise, Project 2025, 2023:

“[pp. 4-5] Promise #1: ...The next conservative President must get to work pursuing the true priority of politics—*the well-being of the American family*. In many ways, the *entire* point of centralizing political power is to *subvert* the family. Its purpose is to replace people’s *natural* loves and loyalties with *unnatural* ones...”

“Today the Left is threatening the tax-exempt status of churches and charities that reject woke progressivism. They will soon turn to Christian schools and clubs with the same totalitarian intent.

“The next conservative President must make the institutions of American civil society hard targets for woke culture warriors. This starts with deleting the terms sexual orientation and gender identity (“SOGI”), diversity, equity, and inclusion

“(‘DEI’), gender, gender equality, gender equity, gender awareness, gender-sensitive, abortion, reproductive health, reproductive rights, and any other term used to deprive Americans of their First Amendment rights out of every federal rule, agency regulation, contract, grant, regulation, and piece of legislation that exists.

“Pornography, manifested today in the omnipresent propagation of transgender ideology and sexualization of children, for instance, is not a political Gordian knot inextricably binding up disparate claims about free speech, property rights, sexual liberation, and child welfare. It has no claim to First Amendment protection. Its purveyors are child predators and misogynistic exploiters of women. Their product is as addictive as any illicit drug and as psychologically destructive as any crime. Pornography should be outlawed. The people who produce and distribute it should be imprisoned. Educators and public librarians who purvey it should be classed as registered sex offenders. And

telecommunications and technology firms that facilitate its spread should be shuttered.

“The noxious tenets of ‘critical race theory’ and ‘gender ideology’ should be excised from curricula in every public school in the country. These theories poison our children, who are being taught on the one hand to affirm that the color of their skin fundamentally determines their identity and even their moral status while on the other they are taught to deny the very creatureliness that inheres in being human and consists in accepting the givenness of our nature as men or women.

“Allowing parents or physicians to ‘reassign’ the sex of a minor is child abuse and must end. For public institutions to use taxpayer dollars to declare the superiority or inferiority of certain races, sexes, and religions is a violation of the Constitution and civil rights law and cannot be tolerated by any government anywhere in the country...

“[p. 451] **Goal #3: Promoting Stable and Flourishing Married Families.** Families comprised of a married mother, father, and their children are the foundation of a well-ordered nation and healthy society. Unfortunately, family policies and programs under President Biden’s HHS are fraught with agenda items focusing on ‘LGBTQ+ equity,’ subsidizing single-motherhood, disincentivizing work, and penalizing marriage. These policies should be repealed and replaced by policies that support the formation of stable, married, nuclear families. “

Project 2025 against abortion

The Heritage Foundation, Mandate for Leadership, The Conservative Promise, Project 2025, 2023:

“[p. 6] Conservatives in the states and in Washington, including in the next conservative Administration, should push as hard as possible to protect the unborn in every jurisdiction in America. In particular, the next conservative President should work with Congress to enact the most robust protections for the unborn that Congress will support while deploying existing federal powers to protect innocent life and vigorously complying with statutory bans on the federal funding of abortion. Conservatives should ardently pursue these pro-life and pro-family policies while recognizing the many women who find themselves in immensely difficult and often tragic situations and the heroism of every choice to become a mother. Alternative options to abortion, especially adoption, should receive federal and state support...

“[p. 192] The U.S. government should not and cannot promote or fund abortion in international programs or multilateral organizations...

“[p. 450] **Goal #1: Protecting Life, Conscience, and Bodily Integrity.** The Secretary should pursue a robust agenda to protect the fundamental right to life, protect conscience rights, and uphold bodily integrity rooted in biological realities, not ideology. From the moment of conception, every human being possesses inherent dignity and worth, and our humanity does not depend on our age, stage of development, race, or abilities. The Secretary must ensure that all HHS programs and activities are rooted in a deep respect for innocent human life from day one until natural death: Abortion and euthanasia are not health care...

“[pp. 457] **Abortion Pills.** Abortion pills pose the single greatest threat to unborn children in a post-*Roe* world. The rate of chemical abortion in the U.S. has increased by more than 150 percent in the past decade; more than half of annual abortions in the U.S. are chemical rather than surgical...

[p. 472] Congress should pass the Protecting Life and Taxpayers Act, which would accomplish the goal of defunding abortion providers such as Planned Parenthood.”

Trump condemned these policies as extreme right

When Trump was told of Protest 2025, he played dumb and said he never heard of it. And worse, when he was told about it, he said he does not want to know anything about it. So much for religious liberty for The Heritage Foundation in Trump’s new republican party:

Trump, at his Michigan Rally, 7/20/2024: “And the other side is going around trying to make me sound extreme like I’m an extremist. I’m not. I’m a person with great common sense. I’m not an extremist at all. Some on the right, severe right came up with this Project 25, and I don’t even know. I mean some of them, I know who they are, but they’re very, very conservative. Just like you have... They’re sort of the opposite of the radical left. You have the radical left and you have the radical right, and they come up with this... I don’t know what the hell it is. It’s Project 25. ‘He’s involved in Project...’ And then they read some of the things, and they are extreme. I mean, they’re seriously extreme, but I don’t know anything about it. I don’t want to know anything about it. But what they do is misinformation and disinformation.”

So according to Trump, protecting the life of all infants in the womb and condemning LGBT and so-called same sex marriages are extreme right. Well, I guess he would have to include most Democrats who not too long ago, like in the 1960s, opposed abortion, LGBT, and same sex so-called marriages. Even Obama in 2004 said marriage is only between a man and a woman:

Candidate forum on October 26, 2004, Chicago: “[Obama] What I believe is that marriage is between a man and a woman.”

So, according to Trump, Obama and these other Democrats were also extreme righties at that time. You see how everything is shifting full speed to the left. When Republicans no longer condemn abortion, LGBT, and civil unions or same sex marriages or no longer do all their power to eradicate these evils from society, then they are full fledged lefties regarding these social issues.

Trump and RNC force out the Director of Project 2025, Paul Dans

Trump and the RNC forced out of office the Director of Project 2025, Paul Dans, and warned other social conservative men and organizations not to dare to even try to influence the Republican Party with their conservative social values or it will not end well with them; so much for the religious liberty of social conservatives in the Republican Party. They did the same to William Norris when a committee voted him out of office for holding social conservative values. (See in this article “The Republican Party silenced William Norris and removed him from office,” p. [13](#).)

The New Republic, *Project 2025 Head Resigns After Backlash From Trump*, Hafiz Rashid, July 30, 2024:

“The director of Project 2025, Paul Dans, announced Tuesday that he is stepping down from his role...

“Thanks to the increased public attention on the project, Republican presidential nominee Donald Trump has attempted to distance himself from the 900-page document. According to Roger Sollenberger at The Daily Beast, Dans’s departure comes after pressure from the Trump campaign, partially due to a power struggle for control over staffing in a possible Trump presidential administration.

“This would seem to align with what Trump campaign officials have said publicly. One of Trump’s campaign managers, Chris LaCivita, recently called Project 2025 a ‘pain in the ass.’ *The Wall Street Journal* reports that Trump is annoyed that it has received so much attention, and he resents the implication that the project is behind his policies and choosing his presidential staff.

“On Tuesday, after the news of Dans’s resignation spread, the Trump campaign celebrated in an email written by LaCavita and co-campaign manager Susie Wiles.

“Bizarrely, Dans’s departure seems to be yet more evidence of Trump’s influence on Project 2025.”

What say you now, Mike Lindell

During Mike Lindell's *The Lindell Report* on 2/8/2023, William Norris called in and asked Mike some questions. Will had the God-given opportunity to ask Mike three questions.

1. On why was Trump disloyal to Mike, one of his most staunch defenders who running for the leadership of the Republican National Committee (RNC), by not supporting Mike. Instead, Trump secretly worked to get one of his worse enemies elected, Ronna McDaniel, who is anti-MAGA and a horrible swamp creature.
2. On why Trump does not condemn the Covid 19 vaccine; or, at least, acknowledge that there are some major problems with it; and,
3. On what Mike thought about Trump and Kari Lake supporting and promoting sodomites by hosting a Gay Gala for LGBTQ Republicans (called Log Cabin Republicans) at Trump's Mar a Lago on 12/15/2023, which should now be called Gomorrah a Lago. When William told Mike about this homo and transgender fest at Mara Lago,

(For the lecture, see *Mary's Little Remnant Political Works* page and go to [Trump and Kari Lake Support Sodomites and Will Norris' Questions to Mike Lindell.](#))

During that show, Mike pretended that he did not know about Trump's homo fest at Mar a Lago. But he implied that he did know when he said that conservative Christians are turning against Trump. All Mike said is that you did not see him there.

But Mike got himself into a bind when he said he would never support anyone who goes against his moral compass and thus he would never back a pro-choice (pro-abortion) candidates. Here is what he said:

The Lindell Report, 2/8/2023: "A republican came to me in 2018. 'Mike, Mike, will you do an event for me.' And I said, 'No, you're pro-choice.' And she said, 'No, No, I am right in the middle.' I said, 'What, do you half kill a baby!' I said here is the headlines: 'Mike Lindell goes against his Christian values to back a republican.' Ain't, Ain't happening."

Well, since The Lindell Report in 2023, Trump has become pro-abortion. Trump does not back any law that bans abortions under 15 or 16 weeks, and even opposes them. So, tell me Mike, is it OK to murder babies up until they are 16 weeks in the womb but not after that. Are they only half-babies up until 16 weeks? So, if you are to be true to your above words, to your moral compass and so-called Christian values, you must not back Trump and any other pro-abortion RINO. If you do, then socially conservative republicans will rightly say, in your own word, "Mike Lindell goes against his Christian values to back a republican."

Trump and Other RINOs Betray Social Values in Order to Get Elected

Upholding social values is more important than winning elections. Another way Trump and other RINOs betray social values is by compromising these values in order to get elected. This especially occurs in Blue States and counties; that is, States and counties in which Democrats are in the majority. In essence, they want to appear more like liberals, like Democrats or Independents, then social conservatives. This leaves true social conservatives with no one to vote for. The only choices they have are a liberal Democrat, a liberal Independent, or a liberal RINO who thus have the same position on social values. Therefore, no matter who gets elected, true social conservatives lose before the election even begins because there is no one running for office who upholds social values.

Upholding social values is also more important than winning an election in order to convert liberals and educate youngsters not to fall into the liberal camp. If no party is professing social values, then there would be no way to convert liberals and educate the youngsters.

Yes, Republicans who uphold the social values in Blue States or counties will lose for several cycles, but at least the voters will have a chance to hear their positions in an uncompromising and convicted way and thus have a chance to convert the liberals or for the youngsters to not fall into the liberal camp.

Let us take Christianity as an example. In the beginning Christianity was opposed by almost everyone. But the apostles and other Christians did not compromise or hide the gospel but preached it on the housetops. And they eventually converted more and more men to true Christianity. If they had compromised the gospel either by not teaching parts of it and hiding some of it or by denying parts of it, then they would not be teaching the true gospel and they would not be true Christians, and thus their converts would not be true Christians. They would be converting men to a false Christianity. St. Paul mentions this:

“I wonder that you are so soon removed from him that called you into the grace of Christ unto another gospel. Which is not another, only there are some that trouble you, and would pervert the gospel of Christ. But though we, or an angel from heaven, preach a gospel to you besides that which we have preached to you, let him be anathema.” (Gal. 1:6-8)

“For such false apostles are deceitful workmen, transforming themselves into the apostles of Christ. And no wonder: for Satan himself transformeth himself into an angel of light.” (2 Cor. 11:13-14)

This is true with any organization, ideology, or religion. If it is to be consistent with its core tenants, it cannot compromise them. Hence the same can be said of the RINOs: There are some who pervert social values and thus teach immoral values, and therefore let them be anathema to all social conservatives.

Trump and the RNC Allowed Pagan Prayers at the Convention

It is evil enough that the RNC's 2024 Convention allowed prayers from Christ-denying Jews and nominal Christians, but it has now allowed prayers offered to the pagan gods of India. The convention was like a political Second Vatican Council.

On 3/16/2024, Harmeet Dhillon, a pagan Indian, performed the 'Ardas', a Sikh prayer, at the Republican National Convention (RNC) in Milwaukee with former US President Donald Trump in attendance. Dhillon is the former vice chairperson of the California Republican Party.

In that prayer she said,

“Dear Vaheguru, our one true God, we thank you for creating America, ...please bless our people.”

Trump Zealously Promotes Zionism and False Claims of Anti-Semitism

I warned Trump in 2016 about his Zionism

In my 2016 lecture, I warned Trump about his support of the apostate Jews and his Zionism, but he did not listen. Instead, he got worse, as this article shows with his many acts of promoting apostate Jews and Zionism when he was president and after he was president.

RJMI, *Trump Counter-Revolution and the Rigged System*, 12/25/2016: “And here’s another thing he’s really bad on, he’s duped on: he’s a full Zionist. It should be easier for them to understand. These Jews in Israel do not believe in Jesus Christ. They hate Christianity. How could God bless people who hate Jesus Christ? How could he bless them? How could he give them permission to go into the Promised Land? Every time the Jews were kicked out of Israel is because they disobeyed God. And the ultimate act of disobedience was murdering Jesus Christ, and denying him down to today. They have no right to Israel; it’s an abomination in the eyes of God. Trump is being duped by this. So the Jews that are over there right now don’t belong there. That’s a very big issue in the eyes of God. They’re an abomination and desolation in a place where they don’t belong. Trump needs to know this. He needs to know this because-- you know what’s happening on this issue with Trump too? The apostate Jews are going to use him to their benefit. “We can use him. We can use him because he’s a full Zionist. We can use him to push our plan for one state in Israel, and one Jerusalem; kick the Palestinians out, and then we have the whole land getting ready for the Antichrist.” So they’re going to use Trump for that.

So Trump's going to get trapped on this, he's going to get caught, they're using Trump, I'm going to tell you, Donald Trump on this, watch out for these Christian Zionists. Get away from them. They're going to drag you into something, and after they're done using you to come to power so they can have one state and one Jerusalem so their Antichrist can reign there, they're going to kill you and throw you over the boat or under the bus, because they don't need you anymore."

Well, Trump did not listen but only got worse. He is now one of the main men in bringing the Antichrist to power. He is now a strong arm for Antichrist Israel and the Antichrist. And his blind, fanatical followers who idolize the USA and apostate Israel are ready to follow him all the way to hell, like lemmings over a cliff.

Trump recognized Jerusalem as Israel's capital and moved the US Embassy to it

Trump was the first president to move the US Embassy from Tel Aviv to Jerusalem and to recognize Jerusalem as the capital of Israel.

President Donald Trump, on Moving the US Embassy in Israel from Tel Aviv to Jerusalem, 12/6/2017:

"In 1995, Congress adopted the Jerusalem Embassy Act, urging the federal government to relocate the American embassy to Jerusalem and to recognize that that city — and so importantly — is Israel's capital. This act passed Congress by an overwhelming bipartisan majority and was reaffirmed by a unanimous vote of the Senate only six months ago.

"Yet, for over 20 years, every previous American president has exercised the law's waiver, refusing to move the U.S. embassy to Jerusalem or to recognize Jerusalem as Israel's capital city. ... I have determined that it is time to officially recognize Jerusalem as the capital of Israel. While previous presidents have made this a major campaign promise, they failed to deliver. Today, I am delivering...

"Israel is a sovereign nation with the right like every other sovereign nation to determine its own capital...

"Through all of these years, presidents representing the United States have declined to officially recognize Jerusalem as Israel's capital. In fact, we have declined to acknowledge any Israeli capital at all. But today, we finally acknowledge the obvious: that Jerusalem is Israel's capital. This is nothing more, or less, than a recognition of reality. It is also the right thing to do. It's something that has to be done.

"That is why, consistent with the Jerusalem Embassy Act, I am also directing the State Department to begin preparation to move the American embassy from Tel Aviv to Jerusalem...

"We are not taking a position on any final status issues, including the specific boundaries of the Israeli sovereignty in Jerusalem, or the resolution of contested borders. Those questions are up to the parties involved."

Therefore, Trump is forwarding the Antichrist's plan to rule the whole world from the Third Temple in Jerusalem.

(See RJMI video [Jerusalem Belongs to the Catholic Church](#). See RJMI book [Against Zionism](#). And see the [Apostate Judaism and Zionism Conspiracy](#) page.)

Trump decreed that the Golan Heights is part of Israel

Trump is also helping the Antichrist's goal to occupy Greater Israel and thus forward the one State solution, one State for apostate Israel. On March 25, 2019, Trump was the first president to recognize the Golan Heights as part of Israel. The UN still recognizes it as part of Syria:

Donald Trump, Proclamation on Recognizing the Golan Heights as Part of the State of Israel – The White House, March 25, 2019:

“The State of Israel took control of the Golan Heights in 1967 to safeguard its security from external threats. Today, aggressive acts by Iran and terrorist groups, including Hizballah, in southern Syria continue to make the Golan Heights a potential launching ground for attacks on Israel. Any possible future peace agreement in the region must account for Israel's need to protect itself from Syria and other regional threats. Based on these unique circumstances, it is therefore appropriate to recognize Israeli sovereignty over the Golan Heights.

“NOW, THEREFORE, I, DONALD J. TRUMP, President of the United States of America, by virtue of the authority vested in me by the Constitution and the laws of the United States, do hereby proclaim that, the United States recognizes that the Golan Heights are part of the State of Israel.

“IN WITNESS WHEREOF, I have hereunto set my hand this twenty-fifth day of March, in the year of our Lord two thousand nineteen, and of the Independence of the United States of America the two hundred and forty-third.

“DONALD J. TRUMP”

How is that for the Harlot supporting her whoremaster, the Beast, the Antichrist! In honor of his service, Antichrist Israel, in June 2020, approved 8 million Israeli new shekels (about 2.3 million in US dollars) in funding for the Trump Heights settlement. On July 4, 2020, a major sculptural memorial was placed adjacent to the entrance to Trump Heights, honoring President Donald J. Trump.

Trump signed into law the Antisemitism Awareness Act by an Executive Order (12/11/2019)

In my lecture in 2016, I warned Trump about false claims of antisemitism.

RJMI, *Trump Counter-Revolution and the Rigged System*, 12/25/2016: “Beware also of the apostate Jews who denounce everyone as an Antisemite for justly criticizing or condemning a Jew for a crime or sin or some other act of injustice. They equate this with hating Jews because of their race, which is a huge lie. They are false claims of Antisemitism.”

But he did not listen. On 12/11/2019, President Trump signed into law by an Executive Order the *Antisemitism Awareness Act*.

I knew that law was bad, but I did not know how bad because it does not actually define antisemitism but refers the reader to the *International Holocaust Remembrance Alliance* (IHRA) definition, which you would need to access to see the definitions. So there is a bit of deception in all of this.

Most of the IHRA’s definitions are false and thus have nothing to do with hating Jews or the Jewish race. And some of its definitions are anti-Bible, anti-Christian, racist for banning legitimate criticisms and punishments of Jews and Israel, and ban legitimate history and science that exposes apostate Jewish lies and conspiracies that point out certain clear and evident truths regarding apostate Jews and apostate Israel. On 4/15/2024, some in the senate tried to pass this act on but it never made out of committee. On 5/2/2024, the House passed the act in Bill H.R. 6090, but the Senate did not take it up. But the act is still in force by Trump’s Executive Order.

One of the goals of the Antichrist is to destroy not only Christianity but also nominal Christianity. He hates Jesus Christ and wants to remove his name from existence or have it denigrated as something evil. By signing this act, Trump condemns the New Testament and thus condemns Christ, and thus he is a Judas Iscariot, a traitor to the highest degree, a hypocrite, and is helping in a big way to bring the Christ-denying Jews and their Antichrist to worldwide power.⁴ On this point alone, then, Christians, nominal Christians, and men with plain old common sense and that are not afraid of the truth must not vote for Trump or any other RINO who is a Zionist.

Trump Does Not Condemn Israel's unjust massacre of Palestinians in Gaza

Trump also did not point out the many lies and inconsistencies regarding the October 7, 2024, attack on Israel by Hamas, which, in the very least, was allowed to happen by Israel itself in order to have a pretext to wipe out the Palestinians in Gaza and take it over, as part of its plan to re-occupy Greater Israel. And Trump did not condemn Israel's ensuing unjust massacre of Palestinian civilians. Instead, he encouraged it by telling Israel to do whatever it must. Trump will, no doubt, have no problem giving Anti-Christ Israel the green light to wipe out whoever and whatever is necessary in order to fulfill its plans for Greater Israel and to bring the Antichrist to power.

Trump Does Not Condemn Israel's illegal occupation and unjust treatment of Palestinians

Trump never refers to the real problem in Israel, the real instigators of the conflict in Israel, which is Israel's illegal occupation of Palestinian lands, the destruction of their homes, and other unjust treatments of the Palestinians. Nor does Trump refer to the many apostate Jews who call for the total destruction of a Palestinian State and of Palestinians. I condemned him for this in my 2016 lecture, but he did not repent. He is a short excerpt:

RJMI, *Trump Counter-Revolution and the Rigged System*, 12/25/2016: "So the Jews that are over there right now don't belong there. That's a very big issue in the eyes of God. They're an abomination and desolation in a place where they don't belong. Trump needs to know this. He needs to know this because—you know what's happening on this issue with Trump too? The apostate Jews are going to use him to their benefit. 'We can use him. We can use him because he's a full Zionist. We can use him to push our plan for one state in Israel, and one Jerusalem; kick the Palestinians out, and then we have the whole land getting ready for the Antichrist.' So they're going to use Trump for that. President-Elect Trump, I ask you, how would you like it if the apostate Jews stole and occupied your land, businesses, hotels, and homes? Such as Trump Tower in New York, Trump National Golf Club in New Jersey, and your Mar-a-Lago in Florida. Would you sit back and allow it? Or would you condemn what they did and fight with whatever means you had to get back your land, businesses, hotels, and homes? How would you like it if you were the one who was condemned instead of those who stole your possessions? Well, that's what's happening to the Palestinians over there, because even according to the national rules, they're [the Jews are] stealing land. But most importantly, they're breaking God's rule that says the Jews have no right to that land."

Matt Brooks commanded Tumpites to worship the Beasts home, apostate Israel

The apostate Jew, Matt Brooks, head of the Republican Jewish Coalition, gave a short speech at the 2024 RNC Convention. He first started out telling the crowd to cheer for Israel, and he did so twice and with a commanding tone. And the crowd cheered wildly, twice. Hence, in essence, the crowd worshipped the home of the Beast, apostate Israel, and in so doing worshipped the Beast, the Antichrist. These people are more than ready to take the Mark of the Beast when the time comes. Notice also how Matt correctly praises Donald Trump as the "most pro-Israel president in history." He then lists some of Trump's accomplishments in supporting apostate Israel and its Antichrist agenda.

Matt Brooks, RNC Convention, 2024: "Hello Milwaukee! Let me hear you cheer if you support Israel! [loud cheers] Let me hear you cheer if you support Israel. [louder cheers] Here, at the Republican Convention, we proudly and loudly stand with Israel. This election is a critical moment for the American-Jewish community and for Israel. This is our chance to continue the incredible pro-Israel legacy of the

most pro-Israel president in history, Donald J. Trump. President Trump, among his many accomplishments—many of which they said couldn't be done, but he did it—he moved the U.S. Embassy to Jerusalem. They said it couldn't be done, but he weakened the Iranian regime. With President Trump, we will repair and rebuild the U.S.-Israel relationship. And here at home under Donald Trump, we will put a stop to the rising tide of Antisemitism. President Trump will bring back law and order, so that American Jews can once again wear a kippa, and walk the streets without fear. Who will best stand with Israel? Donald Trump! Who will make sure Jews feel safe and secure? Donald Trump!"

The USA and the Vatican II Church are the Harlots that Bring the Antichrist to Power

No nation has done more to support the apostate Jews, apostate Judaism, and apostate Israel than the United States. And no Church has done more to religiously glorify them than the Vatican II Church. Hence the USA is the physical harlot and the Vatican II Church is the spiritual harlot that brings apostate Israel and the Antichrist to power, as mentioned in the Bible. On the Assassination Attempt on Trump's Life

The assassination attempt on Trump's life on 7/13/2024 has turned him into a hero to the highest degree. He and his blind fanatical followers, no doubt, think God favors him for not allowing him to die. But the opposite is true. God allowed him to live in order for him to help bring the Antichrist to power. After all, God has ordained that the Antichrist must rule the world in these final days as an extreme punishment to mankind. So any prayer for God to kill the Antichrist ahead of time, before he comes to worldwide power, will fall on deaf ears. And the same applies to those whom God ordains to help the Antichrist come to power, like Trump is doing right now. But that does not mean Trump cannot convert and leave the camp of the Antichrist. As long as he lives, he can repent and convert. Beware, then, the Devil is using this assassination attempt to present Trump as a savior when in fact the only thing he is saving you is from the one true God. Take heed to these Words of God: "There is a way that seemeth to a man right: and the ends thereof lead to death... Pride goeth before destruction: and the spirit is lifted up before a fall." (Prv. 16:18, 25) That is a perfect description of Trump and all the idolizers of the USA, who think it is the greatest nation that ever existed when in fact it is the most seductively evil and rebellious nation that ever existed. Take sides, the USA or the one true God, the Catholic God and his Catholic empire.

So, who wanted Trump killed? - The lefty Jews who are atheists (like George Soros), agnostic Jews, and Jews who believe in Reform Judaism. Who wants Trump to live? - Orthodox Jews and Christian Zionists. The Antichrist wants the whole world to worship him and practice his type of Orthodox Judaism. Hence, when the Antichrist is done using those who will not worship him, he will enslave or kill them if he can.

Do Not Vote for or Support Trump or Any Other RINO

You cannot reward their betrayal or they will keep moving to the left

Catholics, nominal Christians, and other social conservatives must not reward Trump and other RINOs (which includes the RNC and House Freedom Fund) by voting for and financially supporting them. If you do, things will never change but only shift more and more to the left. We will not vote for Democrats either. But the natural consequence is that Democrats will gain the offices. And this is a just punishment and warning to the RINOs. A few cycles of Democrats gaining the offices and not the Republicans will cause the Republican Party and RINOs to change their position on social issues and religious liberty for true social conservatives and move them back to the right or else they will never have a chance of getting elected. As it is now, the Republican Party and RINOs are democrats by another name when it comes to these issues.
