

# A List of the Good and Bad Things Hitler Believed In and Did

By Richard Joseph Michael Ibranyi

## Some of Good Things Hitler Believed In and Did

- Previous to World War II, the apostate Jews corrupted not only Germany but almost the whole world. Hitler exposed their crimes and plots and bridled them and thus purified Germany from their corrupting influence.
- Hitler's Final Solution for apostate Jews was emigration not extermination. Hence neither Hitler nor anyone else in Germany carried out a Holocaust of Jews. (See the [Apostate Judaism and Zionism Conspiracy](#) page on my St. John the Baptist Website.)
- Not only Jews died in Germany but also Gentiles for one of the following reasons: 1) they were justly killed because they committed crimes worthy of death, such as for plotting against the good of Germany, as did Jews who were communists and other Jews who plotted against and corrupted Germany; 2) they were killed in war by fighting against the Germans or by collateral damage; 3) they died from natural causes; 4) they died from Typhus, which causes malnutrition and thus emaciated bodies; or 5) they starved to death near the end of the war, as there was not even enough food for the Germans. Not only Jewish prisoners but also Gentile prisoners had emaciated bodies near the end of the war. Does that mean Hitler wanted to also kill all Gentiles? If Hitler wanted to kill all the Jews, he would not starve them to death or burn or gas them (which would take up a lot of time and be a huge expense). He simply would have a bullet put in their head. And if Hitler wanted to kill all Jews, then he would never have let Christian Jews and nominal Christian Jews become part of his Third Reich. (See the [Holocaust Conspiracy](#) page on my Saint John the Baptist Website.)
- Hitler did not hate other races even though he believed the German race was superior. Hitler loved other races and wanted to lift them up to German standards, even though he did condemn some of the barbarous ways of certain races. Whereas, Talmudic Jews not only hate all the Gentile races but believe they are not even humans but animals. They call them Goy, which means cattle.
- Hitler justly condemned and oppressed Gypsies, who are a great evil, but did not seek to exterminate them. Gypsy is a false religion not a race. It promotes witchcraft and all sorts of crimes, especially stealing from non-Gypsies.
- Hitler did not support tortuous medical experiments.
- Hitler hated lying. Beware, then, of the big lie of the apostate Jews that Hitler promoted the telling of big lies. As usual, it is they who are guilty and not the accused, in this case Hitler. Hitler hated lying and exposed the apostate Jews as the big liars:

Apostate Adolf Hitler, *Mein Kampf*, 1924: "[The Jews] proceeded on the sound principle that the magnitude of a lie always contains a certain factor of credibility, since the great masses of people in the very bottom of their hearts tend to be corrupted rather than be consciously and purposely evil; therefore, because of the primitive simplicity of their minds, they more easily fall victim to a big lie than to a little one, since they, themselves, lie in little things but would be ashamed of lies that were too big. Such a falsehood will never enter their heads, and they will not be

able to believe in the possibility of such monstrous effrontery and infamous misrepresentation in others; yes, even when enlightened on the subject, they will long doubt and waver, and continue to accept at least one of these causes as true. Therefore, something of even the most insolent lie will always remain and stick—a fact which all the great lie-virtuosi and lying-clubs in this world know only too well and also make the most treacherous use of. The foremost connoisseurs of this truth regarding the possibilities in the use of falsehood and slander have always been the Jews...”<sup>1</sup>

- Hitler condemned homosexuality, pedophilia, transgenderism, and effeminacy.
- Hitler supported marriage.
- Hitler opposed abortion and contraception and promoted large families.
- Hitler lived chaste.
- Hitler did not explicitly believe in German mythology.
- Hitler was not an atheist. He was a nominal Catholic.
- Hitler condemned modern art.
- Hitler banned the Freemasons and all other evil secret societies and was not an occultist.
- Hitler did not want war or to conquer Europe or the world.
- Hitler condemned and fought against Marxist Communism (Bolshevism).
- Hitler condemned sinful Capitalism and the greed that goes with it.
- Hitler condemned Western republics and democracies and their hypocrisy.
- Hitler condemned sinful usury.
- Hitler’s socialism was not communism (which is sinful socialism). Hitler’s socialism was a good form of government. It was a dictatorship, which is the only form of government that God approves of, single man rule. Socialism, as practiced by Hitler’s Germany, was good because of the following reasons: While it supported capitalism, private property, prosperity, and progress, it bridled them by State control and made them work for the common good of all of its citizens and the environment. Hence it condemned and eradicated greed, selfishness, waste, unfrugality, covetousness, envy, sinful pride, and sinful destruction of the environment. In fact, no economic system in modern times was as successful and good for all its citizens and the environment as the socialism of Hitler’s Germany.<sup>2</sup> Hitler’s definition of socialism is as follows:

Adolph Hitler: “A Socialist is one who serves the common good without giving up his individuality or personality or the product of his personal efficiency. Our adopted term ‘Socialist’ has nothing to do with Marxian Socialism. Marxism is anti-property; true socialism is not. Marxism places no value on the individual, or individual effort, or efficiency; true Socialism values the individual and encourages him in individual efficiency, at the same time holding that his interests as an individual must be in consonance with those of the community. All great inventions,

discoveries, achievements were first the product of an individual brain. It is charged against me that I am against property, that I am an atheist. Both charges are false.”<sup>3</sup>

Adolph Hitler: “Here we have a clear example of the difference between the socialist and the communist State. In the socialist State, the individual or his professional community retains the individual and joint responsibility for himself or his professional associates. In the communist State, all responsibility and care is assumed by the State and shifted onto it... Socialism preserves individual liberty with a view to the welfare of the general public. Communism abolishes this freedom through collectivization—that is, by creating herds and herd animals, whom the State drives to work and to the pasture.”<sup>4</sup>

### **Some of the Bad Things (Sinful Things) Hitler Believed In and Did**

- Hitler was an idolater for glorifying German mythology, even though he did not explicitly believe in it. He was guilty of the same crime that the apostate antipopes committed in this regard during the Great Apostasy.
- Hitler was an apostate for adulterating the Bible and Christianity.
- Hitler believed that the Catholic and Protestant Churches were the best Churches in the world but needed to be replaced by his new religion and new Church.
- Hitler did not want to make open war against the established Churches but did anyway.
- Hitler temporarily gave up hope for his new religion and Church and increased his persecution of the Churches.
- Hitler continued to profess to be Christian and Catholic for political reasons.
- Hitler may have eventually rejected the Bible and Christianity altogether.
- Hitler was an apostate for denying the virgin birth and Christ’s Divine Nature and believing that God is the author of sin.
- Hitler was a heretic for the following reasons: 1) he denied the resurrection of Jesus Christ; 2) he denied the dogma of Transubstantiation (The Holy Eucharist); 3) he denied the dogma of the resurrection of the body.
- Hitler believed in the heresy of theistic evolution, which many apostate antipopes also believe in.
- Hitler was a heretic for putting race and blood over grace and faith
- Hitler was a heretic for authorizing euthanasia, although it is said he repented of this.
- Hitler was a heretic for authorizing eugenics (sterilizations).
- Hitler was an apostate for believing in Deism and Pantheism.
- Hitler was a heretic for glorifying the heretic Martin Luther.
- Hitler was a heretic for actively participating in a Protestant marriage ceremony.

- Hitler was immoral for allowing women to dress somewhat immodestly.
- Hitler was a schismatic for disobeying legitimate commands from a man he believed was the pope
- Hitler was a heretic for promoting the heresy of Zionism.

### **Hitler Was the Lesser Evil**

- Apostate Adolph Hitler was far lesser evil than the Allied rulers in the world during his day. Hence all Catholics and men of good will were obliged to back Hitler and Germany and the other Axis powers of Italy, Vichy France, and Japan against the much greater evil of the Allied powers of the USA, England, Free France, Poland, and the Soviet Union, which were ruled by apostate Jews, Freemasons, communists, and democrats and whose nations were extremely and grossly immoral.
- One question men must answer is “Who is messing up and corrupting the world today?” Hitler and his Nazi’s have died long ago and have no power in this world. It was he that was holding back the corruption in the world. Ever since the end of World War II, the world has now become more corrupt than ever in the history of mankind. Who, then, are these evil-doers, these real monsters, who are corrupting the world today? They are the Christ-denying Talmudic Jews followed by their Gentile conspirators: the Freemasons, Christian Zionists, liberals, communists, supporters of democracies, and other useful idiots or cowards that go along with the Talmudic Jews’ plan to bring the Antichrist to power.
