

RJMI's Letter against the RINO's and for Donald Trump

Date: 5/13/2021

From: Mr. Richard Ibranyi
Address: 302 East Joffre St.

To: Republican National Committee
Address: 310 First Street Southeast
Washington, DC 20003

To Whom It May Concern:

I am a Trump Republican. I am sick and tired of the RINOs (Republicans in name only). They are liberals in disguise. Most, if not all of them, are Freemasons. The only Republicans I somewhat trust belong to the Freedom Caucus.

The election was stolen from President Trump by several kinds of fraud, and the RINOs did not do all in their power to expose the fraud and prosecute the criminals.

One of the main reasons the RINOs really did not want Trump to be President is that he is anti-Globalism. Another is that he gave too much religious liberty to Christians and nominal Christians. Another is that he was not sufficiently pro-homosexual and pro-transgender. Another is that he fought against illegal immigration. Another is that he tried to stop big businesses from leaving the USA and worked for others to return. Another is that he speaks plainly and straight forward and is not politically correct. Another is that he did not trust and thus threatened the CIA, FBI, and Justice Department, all of which are utterly corrupt.

The last straw was when the RINOs threw President Trump under the bus regarding the protest on January 6, 2021. The bastard Mitch McConnell was one of the worst. And McCarthy and Pence also did not stand up for Trump. Yet you never hear these bastard RINOs condemn the Antifa and Black-Lives-Matter rioters and call for their prosecution with all their might.

Hence my donations will go directly to Donald Trump and the Freedom Caucus, and I will let them decide who the conservative Republicans are. I am not saying that Trump and the Freedom Caucus are perfect but only that they are the lesser evil. (See my video and article *Catholics Must Vote for Trump in USA's 2016 Presidential Race* and my video/audio lecture *Trump Counter-Revolution and the Rigged System*. Both are available on my website at www.JohnTheBaptist.us.)

However, I will still vote Republican unless Trump forms a third party. If he does, I will join that party.

My counsel to Trump is to try to take over the Republican Party. And if that fails, he should form a third party. I believe that he or one of his successors can win as a third-party candidate because of his many followers, which will grow in number. But even if he or his successors do not win as a third-party candidate, that is also a victory because I would rather see the Democrats in power than RINOs who are Democrats in disguise. Less evil is the enemy who is exposed than the enemy who pretends to be a friend.

All the Republicans that I know believe as I do. And the ones I meet, I counsel to take the same path as listed in this letter.
