

The Chronology of the Nativity of Jesus Christ's Human Nature

[This letter was published in the *Sierra County Sentinel* on 12/26/2024.]

THE NATIVITY OF OUR LORD AND SAVIOR JESUS CHRIST, ACCORDING TO THE FLESH, in the year from the creation of the world in 4004 BC, when in the beginning God created heaven and earth; from the flood in 2348 BC; from the call of Abraham in 1921 BC; from Moses and the coming of the Israelites out of Egypt in 1491 BC; from the anointing of King David in 1070 BC; in the 65th week, according to the prophecy of Daniel; in the 194th Olympiad; in the year 752 from the founding of the city of Rome; in the 42nd year of the empire of Octavian Augustus, when the whole world was at peace, in the fourth age of the world, Jesus Christ, eternal God, and Son of the eternal Father, desirous to sanctify the world by his most merciful coming, having been conceived of the Holy Spirit, and nine months having elapsed since his conception, is born in Bethlehem of Juda, having become Man of the Virgin Mary.

This chronology is based on James Ussher's chronology, which I (RJMI) believe to be the most accurate, based upon the opinion that from the beginning of this world until its end when Jesus Christ comes the second time is 6000 years, reflecting the creation of the world in six days—one day equals 1000 years. St. Peter, the first pope, says, "One day with the Lord is as a thousand years, and a thousand years as one day." (2 Pt. 3:8) And the 7th day, the day of rest, is when Jesus Christ creates the earthly paradise, which lasts forever in which all the elect will be in everlasting rest, peace, and holiness. The Old Testament era is about 4000 years and the New Covenant era is about 2000 years. The New Covenant era began in AD 33 when Christ died on the Holy Cross. Hence, according to this opinion, Christ will come the second time around the year 2033.
