CITY OF TRUTH OR CONSEQUENCES MUST REPENT: PART 16

8 Billion People! Awaken thyself! Albert Pike (a 33rd degree Freemason) writes this letter to Giuseppe Mazzini – an Italian revolutionary (Director of the Illuminati) declaring “The Illuminati Plan for 3 World Wars, August 15, 1871!” A hoax or spot on?

“The First World War must be brought about in order to permit the Illuminati to overthrow the power of the Czars in Russia and of making that country a fortress of atheistic Communism. The divergences caused by the “agentur” (agents) of the Illuminati between the British and Germanic Empires will be used to foment this war. At the end of the war, Communism will be built and used in order to destroy the other governments and in order to weaken the religions.”

“The Second World War must be fomented by taking advantage of the differences between the Fascists and the political Zionists. This war must be brought about so that Nazism is destroyed and that the political Zionism be strong enough to institute a sovereign state of Israel in Palestine.”

“During the Second World War, International Communism must become strong enough in order to balance Christendom, which would be then restrained and held in check until the time when we would need it for the final social cataclysm.”

“The Third World War must be fomented by taking advantage of the differences caused by the “agentur” of the “Illuminati” between the political Zionists and the leaders of Islamic World. The war must be conducted in such a way that Islam (the Moslem Arabic World) and political Zionism (the State of Israel) mutually destroy each other.”

“Meanwhile the other nations, once more divided on this issue will be constrained to fight to the point of complete physical, moral, spiritual and economical exhaustion... We shall unleash the Nihilists and the atheists, and we shall provoke a formidable social cataclysm which in all its horror will show clearly to the nations the effect of absolute atheism,

origin of savagery and of the most bloody turmoil.”

“Then everywhere, the citizens, obliged to defend themselves against the world minority of revolutionaries, will exterminate those destroyers of civilization, and the multitude, disillusioned with Christianity, whose deistic spirits will from that moment be without compass or direction, anxious for an ideal, but without knowing where to render its adoration, will receive the true light through the universal manifestation of the pure doctrine of Lucifer, brought finally out in the public view.”

“This manifestation will result from the general reactionary movement which will follow the destruction of Christianity and atheism, both conquered and exterminated at the same time.”

More to come!

RESOLVE PROBLEMS

We can't afford to roll back the hard work and progress our past and present leaders made to make our county a better place to live, in spite of organized groups showing poor judgment. We have to work on ideas to improve our county and they are: you can't fix stupid, if you don't know ask, Beware of false prophets, God only takes care of those who take care of themselves, buyer beware, and there are many more of these old sayings that have a lot of merit.

We also have to look at corporate religious cult groups and their leaders. We must take a good look at the CAVE organization (Citizens Against Virtually Everything), the COVID organization (Citizens Organized Virtually Inducing Destruction since 2019), and the Gerontocracy movement who are holding our youth and middle aged people hostage. They do it by not retiring and passing the torch on to younger generations. We have to look at the mess our country is in because senior citizens are holding on to old ideas, out of date technologies, and schemes that don't repair or advance our society.

We have to understand that if something that sounds or looks good may be a deceptive approach. The most common prac-

tice is taking Bible verses out of context to confuse us. We must look past the glitz and glitter that people use to sell an idea. We need leadership with real work experience and knowledge. We must take off the beer goggles and rose-colored sunglasses to see what is actually there. We must interpret correctly what the speaker is actually saying. A fast talking speaker is hard to follow and can be misleading. Young people must talk to adults so that we can understand each other's problems. We must get out and vote for people who know how to resolve problems.

Sincerely,

DOES THE SEXUALIZATION OF CHILDREN AND LGBT REPRESENT THE VALUES OF SIERRA COUNTY?

Dr. Barbara Pearlman says, Yes! On May 8, 2023, she approved a school curriculum for K-5 children that presents LGBT as normal and acceptable behavior!

In her interview with the Guide last week, Barbara Pearlman said that the Sierra County values were no different than those of this country as a whole. She said, “I do not believe that there are Sierra County values are different from those of the country as a whole or democrat ideals.” Hence she pretends there are no social conservatives who condemn the sexualization of children and LGBT in Sierra County and in the whole USA.

What nation, or should I say planet, is she living in? She is lying to the people again, just as she did when she said the proposed school curriculum did not contain sexual perversion and indoctrination. Well, I don't believe that the majority of the people in this country approve of the sexualization of children and LGBT being taught in public schools.

Pearlman, then, had the audacity to say in the article that, “We need to focus on education and depoliticize how we look at curriculum.” Wait a second, who is the one trying to politicize an agenda? She is promoting a leftist, godless agenda, which violates the natural law by allowing

children to be taught that LGBTQ behavior is ‘normal’ and ‘acceptable’. And she also promotes CRT, Marxist indoctrination, anti-Christianity, and racism against white people!

She goes on to say that, “Except for explicit sexual content, I am opposed to the banning of books.” In other words it's okay to poison the hearts and minds of the youth of this county by telling them that filthy, unnatural LGBTQ behavior is okay! And by the way, once the majority of the citizens in the county accept this, then explicit sexual content in books will start to come out like they now do in California.

As of September 29, 2023, voter registration in Sierra County is 46.1% Republican and 29.4% Democrat. If social conservatives have a strong showing at the polls than there is no way Pearlman can win and we can work for a school curriculum that truly represents the values of this county.

They say that we have more churches than gas stations here in

Sierra County. I would remind the church leaders to truly discern what the Scriptures say about LGBTQ behavior and to remember that God will judge you, not only for your actions but also for your inaction, your deadly, cowardly, silence.

Lastly, as of 10/9/2023, the Sierra County Republican Party has not warned the people about Pearlman and told them to vote her out of office. And they have not told the people who to vote for, those who will uphold the social conservative values of this county, which are Tracy A. Stout-Cole and Ava Rebecca Bartoo to the T-or-C Municipal School Board. If they get elected, I hope they do the right thing and do not cave into the liberals as Rebecca Dow and others have.
