TYPES OF GOVERNMENT

The real problem is our students are spending more years in school, and they are learning less about the importance of real life issues. We have to look at what the students are learning, and the time parents have to help their children with their homework.

Is our school system programmed by people who don't know why the basics of learning are so important? Overloading students with meaningless homework is wrong. I believe in memorizing the rules of reading, writing, arithmetic, and respect.

The best examples are people who don't know the meaning of words on road signs, and people who think our laws don't pertain to them. People don't understand that our Constitution was drafted from different types of governments in Europe and Asia. Most people don't know there are different types of governments and they are: imperialism, democracy, communism, socialism, and the Republic.

Our country is a Republican type of government where the power is supposed to be with the people. The problem is which select people? This is the reason our Congress has used deceptive codes to fool us.

The first deception I can remember was "the war on poverty," which really meant was war on rural U.S. The CAVE organization (Citizens Against Every Thing), COVID 19 which I believe means (Citizens Organized Virtually Inducing Destruction since 2019), I believe the newest idea of using the term PORN as (Pushing Organized Religious Negativity) to keep people ignorant.

The time has come to figure out what is behind abbreviations and passwords. We must get aware of what the people from the big cities, and people from the East and West Coasts are doing with the help of people from Europe, Middle East, and Asia who are slowly taking over rural U.S.

Sincerely,

s/Ted Kuzdrowski

A RESPONSE TO BARBARA PEARLMAN'S LIES

This letter is in response to the Sierra County Citizen Article From 1/4/24 Titled "Stuff you need to know, 1.4.24" (Statement of principles from former school board member Barbara Pearlman" January 3, 2023) where Barbara Pearlman lied about me by making false accusations and

misrepresenting facts. I sent an email the Citizen to rebut her lies, but they refused to publish it.

I will show her statements from the article and then show how she misrepresented me. Then I will highlight some of Barbara Pearlman's statements that lack wisdom.

BP: "I didn't say a thing when Julie Stroup's dogs were poisoned."

WN: It is inferred by this statement that I poisoned Julie Stroup's dogs. For the record, I did not poison Julie Stoup's dog. I was still on good speaking terms with Julie when her dog died. I have the text messages to prove it. Julie thinks that I poisoned her dogs because she sent a detective from the sheriff's department to my house to question me about the incident. When I told him that I did not do it and I was on good terms with Julie at the time of the poisoning, he never came back.

BP: I didn't comment when an editorial in the Sentinel said that "Jews who didn't accept Jesus as their savior should not be allowed in Israel."

WN: As true Catholics, we believe only faithful Jews have a right to Israel. And during the New Covenant era, only Catholic Jews are faithful Jews. That is why we do not recognize the State of Israel's right to exist in the Holy Land because it is owned and ruled by Christ-denying Jews.

BP: I didn't correct the information handed out about the curriculum was for California and not New Mexico.

WN: This statement is totally false. The curriculum examples that I presented at the school board meeting were from the New Mexico curriculum alone. When I was doing research at the T-or-C school district building, I met Dr. Edgardo Castro, the Chief Academic and Federal Programs Officer. He explained to me that there are deviations of what is allowed in the California Savvas K-5 curriculum and the New Mexico Savvas K-5 curriculum.

I originally thought they used the same K-5 curriculums in both states. I showed him a California K-5 Savvas curriculum that I found on the Internet. He looked at it and said that it wasn't New Mexico's curriculum. He explained that each state's Public Education Department forms the curriculum from the standards that they want to implement. He went on to say each state is given the approved federal standards for social studies and from there they choose which standards they want to teach.

After he told me this, we organized our information packet

solely around the New Mexico curriculum. This is where Dr. Pearlman gets the idea that we used the California curriculum. She obviously talked to Dr. Castro after our talk. On the night of the school board meeting, Barbara was saying that I used the California curriculum and she never read my handout. I approached her early in the night of the school board meeting and offered her my information packet, and she rejected it.

BP: I didn't call out the fact that Mr. Norris's Mary's Little Ranch is a cult of Holocaust deniers, anti-Semitic white supremacists.

WN: We are not an anti-Semitic white supremacist group. We are a God fearing lay religious Catholic group. Our religious group has people from all races - from Brazil to Argentina from Austria to Ireland and from England to Mexico. We love everyone, especially the apostate Jews who were once God's chosen people in the Old Testament and called to bring in the Messiah. But because they denied him they are now cursed until they come into the True Catholic Church. We want what is best for everyone which most importantly the salvation of their immortal souls.

Here are a couple of Barbara Pearlman's statements that lack wisdom.

BP: We should never call for banning books and intimidating educators that call for inclusion.

WN: Oh yes, we should! Should we allow books that teach it is OK to rape women, to steal, or to murder? Allowing books that pervert our children

and try to make unnatural and sinful behavior normal should always be banned. Sin can never be considered inclusion. When you have educators trying to justify LGBTQ behavior as OK, and that children should be accepted for being this way, this is not right. Now for Barbara's hypocrisy, she does want to ban books in the educational system that teach Christian morality, which condemns LGBTQ behavior as sinful and evil.

BP: That there is a difference between free speech and hate speech.

WN: Barbara, who determines this? You say the teachings on Christian morals are hate speech, and we say your liberal immoral

ways are hate speech, first and foremost, hatred of God and his commandments. The word of God says, "Hate evil, and love good." (Amos 5:15) It all comes down to ones definition of evil and good.

In closing, I am thankful to have a platform where I can give an explanation of my side of the story clear the record about the lies that have been told about me.

Health And Wellness Collaborative To Meet

The Sierra County Behavioral Health and Wellness Collaborative is the county supported Health Council. We are working on growing our membership.

The group holds meetings on the first Thursday every month, from 12 to 1 p.m. at The Olive Tree, 808 Fir Street, Truth or Consequences, NM.

We have a texting app to update Sierra County on health and wellness events, public awareness and much more.

For questions contact the Program Manager, Elizabeth Leininger at elizabeth.leininger@theolivetreem.org, or call 575-740-5909.

Phone and Internet Discounts Available to CenturyLink Customers

The New Mexico Public Regulation Commission designated CenturyLink as an Eligible Telecommunications Carrier within its service area for universal service purposes. CenturyLink's basic local service rates for residential voice lines are \$22.41 per month and business services are \$45.25 per month. Specific rates will be provided upon request.

CenturyLink participates in the Lifeline program, which makes residential telephone or qualifying broadband service more affordable to eligible low-income individuals and families. Eligible customers may qualify for Lifeline discounts of \$5.25/month for voice or bundled voice service or \$9.25/month for qualifying broadband or broadband bundles. Residents who live on federally recognized Tribal Lands may qualify for additional Tribal benefits if they participate in certain additional federal eligibility programs. The Lifeline discount is available for only one telephone or qualifying broadband service per household, which can be either a wireline or wireless service. Broadband speeds must be at least 25 Mbps download and 3 Mbps upload to qualify.

CenturyLink also participates in the Affordable Connectivity Program (ACP), which provides eligible households with a discount on broadband service. The ACP provides a discount of up to \$30 per month toward broadband service for eligible households and up to \$75 per month for households on qualifying Tribal lands.

For both programs, a household is defined as any individual or group of individuals who live together at the same address and share income and expenses. Services are not transferable, and only eligible consumers may enroll in these programs. Consumers who willfully make false statements to obtain these discounts can be punished by fine or imprisonment and can be barred from these programs.

If you live in a CenturyLink service area, visit <https://www.centurylink.com/aboutus/community/community-development/lifeline.html> for additional information about applying for these programs or call 1-800-201-4099 with questions.
