

Blow Back Regarding Kari Lake's Flip Flop on Abortion

From her X account in which she posted her flip flop. (## link to video) I only posted the negative comments. But they consisted of about ninety percent of the comments, which gives you idea of the silent majority of the social conservatives in the Republican Party and other social conservatives who will not vote for RINOs like Kari Lake. I

A person is a person no matter how small, the circumstances of their conception, or even who their mother is. The right to life and equal protection under the law are already enumerated in the 14th amendment. This is not solely a states rights issue.

Saying abortion is “supporting a struggling woman” is the same mentality as “recommending death” to a depressed person.

It’s basically saying:
“Oh you can’t handle it? Kill it then.”

Instead, lets support struggling mothers financially and with food and other acts of charity.

You talk so beautifully about your daughter, yet you are also so eager to take that moment away from other women who simply don't see another way because our society has so normalized abortion, including our own party. When you remove the right to murder, it forces people to see the other way, and the other way is life. Life is always the right choice. You are willing to give the death sentence to thousands of innocent children.
