

Introduction to RJMI article Christians, Nominal Christians, and Other Social Conservatives Must Not Vote for Trump nor Any Other RINO

By Richard Joseph Michael Ibranyi

The full article will be published soon. In 2016 I did a lecture titled [*Catholics Must Vote for Trump in USA's 2016 Presidential Race*](#). I knew Trump had problems, but he also made some good promises. In that lecture I pointed out the good and the bad things regarding Trump. And he was the lesser evil compared to the other candidates. But the main reason was that he would allow Catholics more religious liberty than Hilary Clinton.

In that lecture, I warned him that if did not amend his evil ways and keep his good promises, I would rebuke him and no longer support him.

While he kept some of his promise, some he did not. For example, he did not clean the swamp but instead added to it.

He did not amend his evil ways regarding his promotion of LGBT, false-claims of Antisemitism, and Zionism, but only got worse.

And he has picked up new evils since he left the office of presidency. For example,

- Trump is now pro-abortion. He does not want to pass a Federal Law banning all abortions with exceptions when the mother's life is in danger. He not only wants the States to decide, but encourages the States to allow abortions up until 16 weeks and opposes any law that would ban abortions earlier than that, such as Arizona's near ban on all abortions and Florida's Heartbeat Law that bans abortions after the infant has a detectable heartbeat, which is about forty days after conception. He said these laws are too extreme and would do all in his power to abolish them. Therefore, his ultimate goal is to allow infants to be murdered in the womb up until 16 weeks after conception. Trump, then, has become pro-abortion.
- Trump has taken away the religious liberty of true social conservatives in the Republican Party who speak out against abortion, LGBT, and same-sex so-called marriages. He has made it impossible for them to hold offices and has silenced them when they try to speak up at republican meetings and other republican gatherings.

Hence Catholics, nominal Christians, and other true social conservatives must not vote for or financially support Trump, as well as any other RINO, because he has deprived them of their religious liberty.

And even if he allowed them religious liberty, they must still not vote for him or financially support him or any other RINO for the following reason. You cannot reward them for their shift to the left. If you do, things will never change but only shift more and more to the left. But we must not vote for Democrats either. The natural consequence, then, is that Democrats will gain the offices. And this is a just punishment and warning to the RINOs. A few cycles of Democrats gaining the offices and not the Republicans will cause the Republican Party and RINOs to change their position on social issues and religious liberty and move them back to the right or else they will never have a chance of getting elected. As it is now, the Republican Party and RINOs are democrats by another name when it comes to socially conservative issues and religious liberty.

Last but more importantly, Trump is still a rabid Zionist and promoter of apostate Judaism and false claims of Antisemitism. When he became president, he made a law by executive order on 12/11/2019 titled the *Antisemitism Awareness Act*. That law labels the following things as Antisemitism and thus as hate speech that should be banned.

- Anyone who says Jews should be persecuted. Hence Trump condemns the Bible which many times decrees that evil Jews must be persecuted.
- Anyone who says Jews control the world and anyone who denies the Holocaust. So much for free speech! But more importantly so much for the truth because the Jews do control most of the world and the Holocaust was a hoax. .
- Anyone who says a Jew is more loyal to Israel than his host nation. This exempts every Jew with dual citizenship simply because he is a Jew from ever being more loyal to Israel and thus from ever being a spy for Israel against his host nation. Well, history refutes this lie because USA-Israeli Jews have been convicted of spying for Israel against the USA, such as Joathan Pollard
- Anyone who says apostate Jews have no right to self-determination. Men and races do not always have the right to self-determination. Many times God takes that right away. For example, many times when the Jews went bad during the Old Covenant era, God cast them out of the promised land (Israel) and sent them into captivity under pagan rulers, and thus they lost the right of self-determination.
- Anyone who says Jews killed Christ or are guilty of the blood of Christ. This point condemns the New Testament and thus Christianity as being anti-Semitic because the New Testament and thus Christianity teaches that Jews did kill Christ and that all Christ-denying Jews are guilty of the blood of Christ.

Trump has now manifestly become a strong arm and the right hand man of the Antichrist. So, instead of being a great good, Trump has become a great evil.
